

Call for Presentations

SwissText is a two--day conference on automatic text analytics which takes place June 18-19, 2019 in Winterthur.

SwissText gives an overview of existing solutions and technologies and is a great place to come up with ideas for new and innovative projects. Topics of interest include, but are not limited to:

- Evaluation of Social Media
- Semantic Analysis
- Chatbots
- Deep Learning for Text Analysis
- Machine Translation
- Text Generation

Submission Deadline
3.3.2019

We invite practitioners, analysts, end users, software vendors, researchers and data scientists to join and share their expertise and experience with the audience.

The conference invites the following types of presentations:

- **Surveys** which describe current trends and solutions from “a bird eyes view”.
- **Scientific Papers** for new and innovative results in all aspects of text analysis.
- **Showcases** which describe interesting and successful projects and applications.
- **Demonstrations** of tools and products for automatic text analytics.

All presentations are in English. For more information visit:
